

Farbenpunkt, Inc closes First round of Investment

Farbenpunkt, Inc (www.farbenpunkt.com) is pleased to announce that our first round of funding has been successfully closed with a substantial investment from a New England Capital and Investment firm.

Along with capital for our market growth and continued innovation, our new partners bring decades of experience in supporting and nurturing companies to grow to their potential.

The added Management support will allow us to quicken our pace of innovation and growth.

Direct to Garment and Direct to Fabric Printing

Our enhanced financial position will allow us to grow into new industries with our patented line of *PeractoJet* (Digital Inks) and *PeracotPad* (Continuous Dyes).

Look for coming releases of Automotive and Flame-Retardant options to improve Sustainability in those markets.

Waterless Dyeing with Decrease Energy. True Sustainability!
